

CIB Margarita Salas CHRISTMAS DAY

December 21, 2022 - CIB's Main Lecture Hall

9:00-9:15h

Opening

9:15-11:15h

Session I – Chairwoman: Alba Garay Álvarez
MISB master's student

9:15-9:30h

Francisco Javier Medrano Martín
Facility of Macromolecular Crystallography
Macromolecular Crystallography at CIB Margarita Salas

9:35-10:05h

Beatriz Galán Sicilia
Microbial & Plant Biotechnology
Steroids friends and foes

10:10-10:40h

Ana Martínez Gil
Structural and Chemical Biology
A new guest in our Christmas dinner

10:45-11:15h

Ignacio Casal
Molecular Biomedicine
IL13R α 2: Connecting cancer with inflammation

11:15-11:45h

Coffee Break (Kindly sponsored by Secugen)

11:45-12:15h

Tribute to Retirees

12:20-14:20h

Session II – Chairwoman: Sara Andrés Campos
MISB master's student

12:20-12:35h

Sara Isabel Escudero García
Facility of Flow Cytometry
Spectral Flow Cytometry as a powerful tool for immunological evaluations

12:40-13:10h

Óscar Fernández Blanco
Structural and Chemical Biology
Santa's Xmas Gift: AlphaFold search implementation under a cluster defined environment at CIB Margarita Salas

13:15-13:45h

Estela Area Gómez
Cellular and Molecular Biology
My big fat intracellular raft: Something is wrong with my MAM!

13:50-14:20h

Luisa María Botella Cubells
Molecular Biomedicine
In the CIB Portal, a spin-off was born
